Subject: Plan to Support Canadian Businesses – Join the Made in Canada Movement

Davenport Businesses:

I hope 2025 is off to a strong start for you. Considering the threat of U.S. tariffs on Canadian goods and services, the federal government is taking several steps. One of the key things that we are promoting is for all Canadians to buy Canadian. We are encouraging ALL local businesses to register on the [Made in Canada Directory](#)

What does this mean for local businesses? This will make it easier for consumers within the Davenport constituency and across Toronto to buy from local Canadian businesses.

The federal government is also working to **eliminate interprovincial trade barriers and regulations** that stop the free flow of goods and services across our country. We have made some good progress, including:

- The [Committee on Internal Trade](#) endorsed recommendations to strengthen the [Canadian Free Trade Agreement](#), advance **mutual recognition and labour mobility**, and explore opportunities to expand domestic markets in key sectors.
- The **Canada-U.S. Economic Summit**, brought together Canadian leaders in trade, business, public policy, and organized labour to find ways to grow Canada's economy, make internal trade easier, diversify export markets, and rejuvenate productivity.

Our Prime Minister is committed to working with all Canadian Provincial and Territorial leaders, business leaders, and opposition leaders, on how to address actions by President Trump, and [discuss ways to strengthen the Canada-U.S relationship](#).

I will provide updates in my [weekly email newsletter](#). I encourage you to sign up. Please don't hesitate to contact me if at all I can be helpful. Thank you for your contribution to our local communities!

My very best,
